PROFESSIONAL SUMMARY

Hi there! I'm [Noor Ismot Ara](#), [ISTQB certified](#) and a **dedicated** Software Quality Assurance and Tester with 3.5 years of experience. I've worked on **20+ projects** for a **global pharmaceutical company**, adhering to all **test standards**.

Skilled in creating [Manual](#) and [Automation testing](#), [test plans](#), executing tests, and overseeing **pre/post-release activities**. My **commitment** to excellence and **collaboration** with **diverse teams** ensures **meeting deadlines** and successful project delivery.

Currently working at **SustainLab**, integrating my software testing proficiency with **data analytics** technology. Outside of work, I enjoy listening to tech podcasts, [writing articles](#) on SQA, and traveling. I'm seeking to lead a challenging career and **contribute** to a **progressive company's goals** while **enhancing my skills and knowledge**.
